

The prohibition bill should be kept in motion, against the people, and their sense of right will result in a glorious victory to the cause of temperance.

We call attention to the very able argument of our correspondent, Mr. Canfield on the labor question. He has studied the matter in its entirety, and his views furnish matter for serious thought.

The prohibition movement will have no marked opposition if its friends will continue to present it in the proper spirit to the people. Our friends are also to be urged to observe sobriety, and equally so, to the evils of drunkenness.

The editors of the educational department, mean business. Our friends are well written and are replete with sound sense. Teachers, pupils, trustees and parents, should read every line of the articles, and turn the suggestions they contain to advantage.

The November vote on Prohibition in this county will determine whether crime shall abound in our midst, or whether the nation's people shall exert its natural vigor. There is no question but that the time is at hand when the people must take action on the principle of self defense. Safe-guards against the increase of intemperance must be erected, or the honor of the land and the ballot is the safest and most powerful bulwark. Let the people canvas, agitate, organize, and win.

Col. J. C. Ford, editor of the Giles County Democrat, published by him at Polaski, Tennessee, is the pioneer newspaper man of Hartford. He has been long and favorably known by our people, is a sterling Democrat and is justly entitled to the respect and confidence of the people among whom he has cast his lot. Col. Ford for a long time published a paper in Owensboro, Davies county, and represented that county in the Legislature. We wish him and his enterprise great success.

DEMOCRATS should now forget all differences, and send the choice of the party to Congress. We are in majority sufficient in the district to control the election of July 11th, and, consequently, sufficient in the day of election would give the district to the opposition. It behooves every democrat of the district, therefore, to be on the alert and to be ready that no action on his part should tend to the losing of a seat in the next Congress. The party cannot afford to lose a single seat; every democrat should do his duty.

The tariff-reformers are singing of having a majority in the next Congress. The people are realizing the truth at last, notwithstanding the protective and ruinously high tariff is yet upon them, the wages of the laborer, should begin to be apparent. The over-production, which has ever followed protection in every country where such a policy should be followed, must inevitably result in a stagnant market and a consequent diminution of the laborer's wages. Protection is not now, nor has it ever been conducive to the prosperity of the laboring man.

PROHIBITION. The call which we publish this week is very significant. The people of this county are determined that sobriety shall be one characteristic of our population, they are also determined that the law shall be enforced. It is the duty of every citizen to lend his support to the movement. The prohibition question in Ohio county has no party significance, as may be seen from the signatures to call for a meeting at Washington House. Men of every political persuasion have attached their names. Scold has there been a movement in this county of such spontaneity or reflecting such determination.

THE DEMOCRATIC FAIRY ARKANSAS BY 25,000 MAJORITY. LITTLE ROCK, Sept. 7.—Returns from the election throughout the State came in very slowly. Enough is known, however, to guarantee the Democratic ticket 25,000 majority.

TEXAS FIGHTS. DALLAS, Sept. 8.—The Prohibition State Convention held here today nominated the following ticket: Governor, E. L. Doherty; Lieutenant-Governor, S. G. Mullins; Attorney-General, A. G. Williams; Young county also elected. The platform denounced both regular parties as in league with the liquor traffic.

PROHIBITION NOMINATIONS. BALTIMORE, Sept. 7.—The Prohibition party made the following Congressional nomination to-day: First District—Lewis S. Nelson, of Worcester county. Second District—C. R. Zook, of Baltimore county. Third District—D. W. Glas, of Baltimore county. Fourth District—Eugene Levison, of Baltimore county. Fifth District—Cyrus M. Robinson, of Anne Arundel county.

MORRISON NOMINATED FOR RE-ELECTION. GREENVILLE, Ill., Sept. 7.—The Democratic Convention of the Eighteenth Congressional district was held here today. The largest gathering of the kind ever held in this district, and probably in Illinois. William R. Morrison was unanimously nominated. On being elected to the convention hall, Mr. Morrison returned thanks, and in a speech of about twenty minutes, he made a number of points on the liquor traffic, and the measure introduced in the last session of Congress.

VERMONT'S STATE ELECTION. WHITE RIVER JUNCTION, Vt., Sept. 7.—Returns from thirty-one towns give Ormrod (Rep.) 5,852, and Shurtliff (Dem.) 5,252 votes for Governor. In the First district Stewart (Rep.) is elected to Congress. In the Second district Grant (Rep.) is elected to Congress.

Returns are slow. Reports from twenty-five towns show that only one is anti-Edmunds. In two there is a tie. Twenty-two are for Edmunds. Six remain to be heard from on this point. In sixty-four towns Ormrod has 11,518 to 6,152 for Shurtliff. In forty-two towns Edmunds' representatives are returned, and the balance is in doubt, four there is no choice; from seventeen there is yet no return.

Ninety-two towns give Ormrod 115,847 to 62,571. Of these ninety-two towns seventy-five chose Edmunds delegates.

Killed as a Negro. (Special to the Courier-Journal.) ELIZABETHTOWN, Ky., Sept. 11.—Hugh English, a very popular young man of this county, son of Col. H. B. English, was shot and killed at 9:30 o'clock last night by Paul Herrington, who made an insulting remark to him, which he was preparing to resent. At 10 o'clock he was in the head. Herrington made his escape, but active steps are being taken to arrest him.

LABOR NEWS. WILL BE REORGANIZED. PITTSBURGH, Sept. 7.—It is understood that the Knights of Labor at Richmond next month changes in the present laws will be made that will amount practically to a reorganization of the order. The district plan has not given so much success as expected, for the reason that the order has been divided into districts, and in consequence the local strength has been divided. The great number of District Assemblies makes it impossible for the general officers, even with assistance given the Executive Board at Cleveland, to keep up with the work. The result is that the order is not being frequently enough to prevent dissatisfaction. To remedy this it is proposed to model after the Government of the United States—that is, to have State or Territorial Assemblies and a Supreme National Assembly.

State Assemblies under the new plan will have control of the territory under their jurisdiction, and the general officers will be subject to removal by the General Master Workmen. Thus Mr. Powderly will retain control of the order, while the general officers will be subject to removal by the General Master Workmen.
